Building Relationships

HIGH PERFORMANCE CONSTRUCTION FOR FINANCIAL SERVICE CLIENTS

"For over 20 years, the team at Brophy and Phillips has worked as a partner with us in HarborOne's growth and development. From small renovations to building our branch offices and corporate headquarters, their responsiveness and service commitment is first rate. Our business is based on relationships, and we value the quality relationship built with Brophy and Phillips."

James W. Blake,
President & CEO
HarborOne Credit Union

Brophy & Phillips Co., Inc. is a diversified general contracting and construction management company. We have successfully delivered over \$50 million in construction value for financial service clients in Massachusetts. More importantly, we have built long-term relationships with our clients, working as partners in the planning and execution of their critical customer service, administrative and back office facilities.

Established in 1971, Brophy & Phillips offers a range of innovative services to help guide financial service clients from initial site selection to on-time openings:

- Pre-development/ Pre-construction Planning
- Site Analysis
- Site Development and Infrastructure Improvements
- Design Phase Budgeting
- Project Bidding and Contract Administration
- General Contracting & Construction Management

With bonding capacity of \$45,000,000, and single projects ranging from \$250,000 to \$25,000,000, Brophy & Phillips is capable of delivering a wide range of construction projects.
